

GERMAN GRIP ON FIVE KEY POSITIONS IS SHAKEN BRANDON MAY NOSE IN ON SECOND CHOICE VOTES

FINISH IS EXCITING;
KILBY IS LEADING
BY THREE THOUSAND
AMENDMENT CLOSE

INDICATIONS ARE THAT TUS-
CALOOSAN WILL SNATCH
VICTORY BY A FEW FUR-
LONGS.

Brandon Gets Jefferson

BOTH FACTIONS CLAIM CON-
TROL OF NEXT LEGISLATURE
WHICH IS ALSO MUCH IN
DOUBT.

(International News Service.)

Birmingham, Ala., Aug. 15.—Re-
turns in from over the state at noon
today show that Lieut. Governor
Thos. W. Kilby is leading Judge W.
W. Brandon by about 3,125 votes for
governor. However, indications are
that Brandon is leading strong on
second choice votes and when all sec-
ond choice votes are counted it is be-
lieved that he will have a plurality.
As the returns come in Brandon
continues to go stronger on second
choice votes, and if he continues his
present ratio of gain he will outstrip
Kilby's lead by night. Brandon has
carried Jefferson county by about
1,200 votes.

The amendment question is run-
ning close, with both sides aroused
to feverish heat and both claiming
a victory.

It became more and more evident
as the day wore on that only the of-
ficial count will decide whether Kil-
by or Brandon is the nominee for
governor, although campaign man-
agers of both sides expressed con-
fidence. It is generally agreed that
second choice votes will be the de-
ciding factor. On the face of re-
turns, the second choice vote for Kil-
by is small compared with that of
Brandon.

AMENDISTS WIN OUT.

The anti-amendist and amendist
headquarters are greatly at sea re-
garding the election of state sen-
ators. While Brooks Smith and others
at the anti-amendist headquar-
ters claim that they will carry a ma-
jority of the senate, Brooks Law-
rence reiterates that the amendists
are certain of the election of 23 out
of 35 senators and 65 out of 105 rep-
resentatives. The amendists are so
certain of having elected their men
to the legislature in sufficient num-
bers to control it that it became
known that Henry P. Merritt, of
Tuskegee, had been chosen by them
as the speaker of the House. So far
the amendment situation has clar-
ified itself but little.

ENSIGN AND SWEETHEART, NOW IN CAIRO, EGYPT, GETTING WED BY PROXY

(International News Service.)
Great Lakes Naval Training Sta-
tion, Aug. 15.—Ensign Rudolph
Winser, this station, is getting mar-
ried. He's been getting married for
some time, and will be for another
month or so. Some time next Nov-
ember he expects it'll all be over
and Miss Emily Orsi, of Cairo, Egypt
will be Mrs. Rudolph Winser— for
she is getting married too.

It's this way. Miss Orsi is still in
Egypt where, on the banks of the
Nile, Winser met her four years ago,
wood her and won her, and then de-
parted on his battleship, the S. S. S.
North Carolina. So, when recently
he decided to get married he took out
a license here and she took one out
in Cairo, and each mailed one to the
other. When they arrive Ensign Win-
ser will hunt up an obliging girl
who will be proxy for his sweetheart,
and the ceremony will be performed
here, while in Egypt Miss Orsi will
stand before authorities here with a
proxy bridegroom and the words will
be said.

Then, when the necessary eviden-
tial documents have been exchanged
the two will be one, and Miss Orsi—
or, rather, Mrs. Winser—will set sail
via an anti-submarine route for
America and her navy husband.

JAPANESE GENERAL TO COMMAND ALLIED FORCES NOW IN SIBERIA

Tokio, Aug. 15.—Gen. Otani, ac-
companied by his headquarters staff,
has departed for Vladivostok to di-
rect the operation of the Japanese
forces in Siberia, it was learned to-
day. He left on Monday, traveling
by way of Hiroshima.

Gen. Otani is one of the foremost
soldiers in Japan and will be the
ranking officer of the American and
allied forces in Siberia. He is 63
years old.

FATHER, WALKING IN HIS SLEEP, HURLS SON OUT OF THE WINDOW

Dr. H. D. Greer, of Decatur, has
added another to his many experi-
ences as a member of the medical pro-
fession. Only this week he was call-
ed to Fairview to attend a 5-year-
old boy who was suffering from
light injuries sustained when he
was catapulted out of a window by
his father, who at the time was walk-
ing in his sleep.

Called over the telephone by the
father, who admitted that he had
reared his progeny with a certain
degree of rudeness, although uncon-
sciously, the physician thought that
he was being made the victim of a
practical joke. The parent insisted
that he would wait by the roadside

and direct the doctor to his residence.
Once or twice, on his midnight drive,
Dr. Greer almost turned back, still
feeling that he was being hoaxed.
However, his professional instinct
asserted itself and he drove on. He
was met at the designated spot and
escorted to the home. There he
found a very angry five-year-old, his
face bruised and scratched from his
nocturnal experience, and who could
not understand why his slumbers
had been disturbed.

The child was thrown from a win-
dow that was about six feet from
the ground. He landed on the soft
terrain, and received no serious in-
juries.

VON CAPELLE DEPOSED WHEN THE U-BOAT CAMPAIGN FAILS

Zurich, Aug. 15.—Vice Admiral
Von Behncke has been appointed min-
ister of marine by the Kaiser to suc-
ceed Vice Admiral Von Capelle, ac-
cording to advices received here. Dis-
patches from Holland last week

quoted German newspapers as say-
ing that the resignation of Von Ca-
pelle was imminent. His retirement
is attributed to the disappointment
in Germany over the results of the
U-boat warfare.

MANUFACTURERS ALLOWED TO BUY SECOND AND THIRD SUGARS

Federal Food Administrator R. M.
Hobbs has announced that all man-
ufacturers using sugar may buy
Louisiana second and third sugars
and receive 125 pounds of these
sugars for each 100 pound sugar cer-
tificate that has been issued to them.
"This ruling," said Mr. Hobbs,
"was recommended by us to Wash-
ington some time ago and we have
just received authority to put it into
effect. It is based on the fact that
there is in our neighboring state of
Louisiana about ten million pounds
of what is known as second and third
sugar. This sugar may be used for
many manufacturing purposes and a
great deal of it should be used at
once. However, this sugar contains
only from 80 to 93 pounds per hun-
dred of real sugar value; hence, the
manufacturers being limited in their
purchases by the certificates issued
them, have not cared to buy it, but
have naturally been desirous of us-
ing their certificates to get the regu-
lar granulated sugar. The above rul-
ing is made to correct this difference
and we most earnestly urge all man-
ufacturers to use their certificates
by buying these Louisiana second
and third sugars wherever they can
use them. By so doing they will
save for domestic consumption a
great deal of granulated sugar."

(International News Service.)
Washington, Aug. 15.—The admin-
istration man power bill making the
new draft ages 18 to 45 was report-
ed to the Senate today by Senator
Chamberlain.
If Senator Chamberlain is success-
ful in his efforts to have the Senate
reconvene Aug. 19 instead of August
24 the bill probably will be passed
before Saturday night.

the interpretation to the anti-strike
amendment to the draft bill drawn
by Senator Chamberlain.

LASSIGNY HEIGHTS ARE CAPTURED Total Number Prisoners in Last Drive More Than 30,000

(International News Service.)

London, Aug. 15.—The Germans have re-
tired from one to two miles along the salient north
of Albert. The Germans have begun to with-
draw from Fere, seven miles from Albert. The
Germans are believed to have evacuated Beau-
mont-Hamel, Tuisieux and Bucquoy.

The German grip on five great key positions has been severely
shaken by the overnight successes of the allies between the Arras
sector and the Oise river. Albert, north of the Somme, to which
the Germans have been tenaciously clinging since they captured
it in March, is today seriously menaced by the German retire-
ment over a five-mile front between Beaumont-Hamel and Buc-
quoy. Further south the British and French continue their
steady advance on Bray, Chaulnes, Roye and Lassigny. The
allied armies have approached within five miles of the German
base at Noyon. The French at the same time advanced steadily
between the Matz and Oise rivers, and have bitten deeply into the
barriers defending the German left flank.

For the time being big scale frontal attacks have ceased.
However, the British are slowly encircling Albert.

With the American Army on the Aisne-Vesle Front, Aug. 14
(3 p. m.)—That the Germans will soon fall back from the north-
ern bank of the Vesle to the Aisne river is strongly indicated by
the character of the artillery fire during the past 72 hours. None
of the shells thrown from the German batteries in that sector have
been over four inches, making it certain that the big pieces have
been withdrawn. Aviators report great traffic on the roads be-
hind the German lines.

London, Aug. 15.—The Germans in the Lassigny sector are
retiring across the Divette river, leaving only a screen of machine
guns behind them, said a dispatch from the front today.
The French have taken all of Lassigny ridge.

London, Aug. 15.—The German retirement near Albert may
possibly be followed by the surrender of all the gains achieved by
the Germans in their great offensive which began on March 21,
the military critic of the Daily News stated today.

(International News Service.)

London, Aug. 15.—Fresh gains were made by the British on
the northern end of the Picardy front and the lines were advanced
east of Raincourt and between Albert and Alette, the war office
announced today.

The total number of German prisoners captured since Aug.
8 is 30,344. Of these, 21,844 were captured by the British and
8,500 by the French.

DAVIDSON GAINS; RACE VERY CLOSE

As the official canvassing proceeds
this afternoon Davidson is making
unexpected gains in the sheriff's race
and there is every indication that
not more than 25 votes will sepa-
rate the two leading candidates. B. E.
Davis of Falkville on the face of
early returns appeared to be the
winner. Davidson is securing a good
second choice vote.

Almon Claims Lead in Solicitor's Race

D. C. Almon, candidate for re-elec-
tion as solicitor from the Eighth
judicial circuit, this afternoon claim-
ed that he had received the demo-

Almon basis his claim on the 173
majority, he received in Limestone
county, according to the official count,
on an expected majority of 300 in
Madison county and of 175 in Law-
rence county. He concedes Cullman
county to Sample by 102 votes and
Morgan county by about 250 votes.

The official count will be required
to remove all doubt, as this is one
of the closest races in the history of

HUDDLESTON'S ELECTION NOT SLAP AT PRESIDENT.

George Huddleston, the fire-eating little congressman from the Ninth district who has been nominated to succeed himself, in a statement issued at Birmingham today made it plain that the overwhelming vote which he received was not a rebuke to President Wilson, who had asked that some more loyal man be sent to Washington in his stead. The statement reflects credit upon Mr. Huddleston's intelligence as well as upon his diplomacy.

The real facts in the case are that the three Birmingham newspapers, in their zeal for the welfare of the nation, went too far in the opposition to Mr. Huddleston. They made it appear that he was being persecuted, and the world knows that human sympathy flows to the under dog. Had they been less bitter in their attacks, had they left it to the President in the first place to express his choice, before passions had been aroused and unbreakable alignments formed, there would have been a different story to tell.

Mr. Huddleston was also favored by circumstances. His opponents were both pronounced prohibitionists. One of them, Dr. Dickerson, was a minister of the gospel, and the voting public does not approve of the ministry seeking the loaves and fishes of office. Besides, the erratic divine had long been a disturbing factor in Jefferson county politics and had accumulated a host of political enemies. These had many old scores to settle. Fred Jackson, who was the running mate of Dr. Dickerson, is a capable and successful business man, but is not widely popular personally.

The Birmingham district is not unpatriotic. It has demonstrated this time and again by its contributions to the Red Cross and the Y. M. C. A. and by its subscriptions to the various Liberty Loans. The majority of the voters merely got warmed up on a local issue and were unable to see that the district and the state were to be stigmatized by the election of a congressman who has seen fit to follow his socialistic tendencies to an unwarranted extreme.

It was unfortunate that Mr. Huddleston, who is a man of parts and of real intellectual capacity, should see fit to aid the cause of the Huns by his votes in Congress. Inasmuch as he is going back to the national capital for two more years, let it be hoped that he will realize that from now on America must come first; that he will place the nation's welfare above his own predilections and will vote and sustain measures that mean the earliest possible ending of the war by the victory route.

PROHIBITION WINS A VICTORY IN ALABAMA.

Despite the uncertainty that exists as to whether Kilby or Brandon will be the next governor there is no reason to doubt that prohibition has won a signal victory in Alabama. The Daily feels safe in making the assertion that never again will any candidate offer for the high office of governor who is not an outspoken advocate of temperance.

In the recent gubernatorial race, but one candidate stood on an unequivocal anti-prohibition platform, and his vote was negligible. While but one of the others came out flat-footedly for the national dry amendment, all of them went on record as opposing any repeal of the present state-wide prohibition laws. That the anti-prohibition vote centered to some extent on Judge Brandon was due largely to a choice of what these voters considered two evils. They preferred Brandon because he opposed the amendment, in a rather quiet way, and because he denounced the dictatorship of the Anti-Saloon League.

There is a growing and healthy sentiment in the state against the "hand-picking" of candidates. In future elections it is quite probable, that with the prohibition issue removed, that men will run entirely upon their merits, and that rings and cabals and oligarchies will be compelled to throw their branding irons

into the fire. This will be American; it will also be salutary.

Prohibition has come to stay, and a realization of this fact should eliminate the issue, paramount for the past decade, and enable the commonwealth to give more attention to business affairs.

HUDDLESTON WINS OUT.

(Birmingham Ledger.)

The renomination of George Huddleston in the light of his career of opposition to the administration of President Wilson is, to that extent, a rejection of President Wilson. Hundreds of voters were for the time being blinded to that aspect of their vote, or they would not have cast it for Mr. Huddleston. Hundreds believed or were led to believe that there was something wrong about President Wilson's telegraphic indictment of Mr. Huddleston. Many, who did not take the time to call to mind the unflinching fairness and poise of President Wilson, believed he had been misled into criticism of Mr. Huddleston. A large amount of class hate had been persistently injected by Mr. Huddleston and his campaigners.

The campaign against Mr. Huddleston was of a nature calculated to arouse every fighting fiber in his followers and render them more set in their way. Denunciation determined men in his favor, men who might have been won over to the administration by argument. The Ledger had no part in this except to regret its growing effect in favor of Mr. Huddleston.

When the chaff of passion blows away, The Ledger believes the people will realize their error. Mr. Huddleston will probably not have changed. Constitutionally he is critical of those higher up, unwilling to follow and unable, by reason of his isolation and lack of influence, to lead. It is fair to presume that he will be in the future what he has been in the past. What he has been, President Wilson has told us.

Not existing by or through officeholders of any kind, the renomination of Mr. Huddleston does not affect The Ledger except as a matter of deep regret that we have not chosen a man really fit to represent this district in Washington. We ought to do better next time.

THE CONGRESSIONAL OUTCOME

(Birmingham Age-Herald.)

Unfortunately for the Birmingham district, the great majority of the democratic voters have seen fit to disregard the statement of the President of the United States and renominated Mr. Huddleston for Congress.

The majority is so large that this newspaper and those democrats who stood with the President will be compelled to accept the bitter dose of medicine which has been administered.

Mr. Huddleston has been anything but loyal and devoted to the administration in its magnificent conduct of the war. Our 6,000 or more soldiers who have gone to the front were almost to a man hopeful that he would not be returned to Congress. But the majority of the voters of this district have declared for him.

The Age-Herald takes its medicine and earnestly hopes that the turmoil and strife through which Mr. Huddleston has gone will temper his judgment and that his future acts will be those of loyalty and devotion to President Wilson and his war policies.

That Mr. Huddleston will represent in future the true, loyal and devoted spirit of the Birmingham district is the earnest hope of The Age-Herald.

That this county or Jefferson is truly loyal has been made manifest in many ways. The vote given to Huddleston was not one of disloyal citizens. Ninety per cent of his vote was really the vote of men who intended to be patriotic, but believed the statement of President Wilson was brought about by political trickery. They were grievously mistaken in this. But the work has been done and we must accept it with the best possible grace.

OLD AGE A CRIME!

Some people are young at 60—red cheeked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional touches of pain in the back, feet tired without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes, three sizes.

MOEBES ADDRESSES THE ALBANY ARMY

DECLARES THAT NOTHING COUNTS BUT RESULTS.

Otto Moebes, major of the Albany Allied Armies, the mobilization of which is nearing completion, made a stirring address to the corps on Tuesday night, when several divisions of the armies met at the Board of Commerce rooms.

He was roundly cheered on the sentiment expressed that "the soldiers did not give a rap for one's religious, industrial, political or any other kind of affiliation."

Mr. Moebes speech was in part as follows: "My title is one to which I did not aspire. But it matters not what our aspirations are—it is not what we aspire to that makes us men in time of war. It is doing what our country says do, what we give one another to do.

"Perhaps some of our boys over there, did not aspire to going, but duty called them and they are there, and what is more, the Germans know they are there.

"No true American could read the press dispatches of our recent victories about the Marne without swelling with pride and shedding tears of admiration for the boys.

Speaks Direct to the Men
"We must not forget men, that this is no time for personal ambition. Our boys over there gave up everything, absolutely. They shut themselves off from civil life—and they stand before Hindenberg's army like a concrete wall. They shoot as long as their guns will fire, and then turn their guns and club the Huns over their heads with the butt!

"Our soldiers do not have to be told in every detail how to fight or kill the enemy. According to reports from the front, the Americans absolutely refuse to surrender. They have been known to fight their way through with their bare fists, after being deprived of every vestige of a weapon.

"Every nation in war must have

Engineer Speaks Words of Praise

Says Quaker Herb Extract Cures Rheumatism—Enthusiasm Rampant at Thompson's Drug Store

And still they come. People from all parts of the city are calling at Thompson's Drug Store. All are enthusiastic. Some call to report results received from that great remedy, QUAKER HERB EXTRACT, others call to order the remedy and still others to learn particulars about it. The many sensational cures attributed to QUAKER HERB EXTRACT, in Birmingham, during the past few months have convinced all of its great powers. Here are two more cases reported during the past few days:

"I surely am thankful for giving QUAKER HERB EXTRACT a trial," said Mr. F. C. Crane, engineer of the Southern Railroad. "I had rheumatism in my arms and shoulders and I realized unless I was cured, my position would surely be lost. I was told to give QUAKER HERB EXTRACT a trial. Luckily the remedy was on sale at the leading drug store. I bought a bottle and as it seemed to help me I bought another bottle early last week. I can now report that I have no

two distinct aches in the field to do the fighting and the other one at home to keep this army supplied—for us all to be at the front at the same time, with nobody to feed us or furnish us with clothing, guns and ammunition, would be worse than having no army at all.

A Hot Hand-Out to the Selfish.
"Now understand, this is no time for selfish motives!

"Our boys who are over there killing and getting killed, don't give a rap whether you are a Mason or an Odd Fellow, a Catholic or a Protestant, a Union man or non-Union, a member of the Y. M. C. A. or a member of the Knights of Columbus. It is entirely too grave a proposition with them. To think of us quibbling over differences of opinion in controversial matters on which men have disagreed as far back as there is any history and will continue to disagree as long as the world stands, is shameful. Our soldiers think it is cowardly.

"They are putting up a solid front and what they want is a solid and undivided backing.

Major Moebes Pledges Action.

"Now, as you have given me something to do, I am going to do it. Another something you gave me to do, is to give you something to do. I will do that too. When the command: 'fix bayonet,' 'charge,' goes down the line from major to captain, from captain to lieutenant, from lieutenant to private, charge and do it double quick! Finally, mark me, Albany will get an example that other cities will be glad to emulate."

COMPLIMENT TO VISITORS GIVEN BY MRS. S. M. THOMPSON

Mrs. Seaman of Waycross, Ga., the guest of Mrs. J. W. Cobb and Mrs. Samuel Blackwell, and Mrs. Eddins of Texas, the guest of her sister, Mrs. Alexander Humphrey shared honors Wednesday afternoon at an informal entertainment given by Mrs. Sam M. Thompson.

Added to the charm of her tastefully decorated home were slender vases of handsome asters.

Mrs. W. R. Shelton received the guests at the door and ushered them to the dining room where from a punch bowl Mrs. J. W. Cobb served the cooling amber liquor. Then all sought comfortable seats in the reception hall and living room and opened the various good-looking bags that held knitting principally, and letters and scraps of news from the outermost trenches were bits of conversation heard, but all reflected that bright, hopeful side, the letters of the boys have given.

Francis Todd arrived and gave a reading which was a rare treat. The talent of this young girl is such a pleasure to herself and friends.

A contest "Names of Men's Wives" provoked much merriment, but everybody judged, so the hostesses passed numbers, then announced the lucky thirteen, Mrs. William Russell, the winner, a Thrift Stamp. The honorees were presented dainty hand-made handkerchiefs as souvenirs. Later assisted by Mesdames W. E. Steed, H. T. Gill, T. Woodard, Lewis Poynter and A. E. Humphrey a delicious ice course was served.

Those present were: Mesdames O. B. Cartwright, H. T. Gill, D. C. Almon, W. A. Rickles, O. Kyle, W. R. Shelton, W. A. Curry, C. V. Dupont, W. E. Steed, A. E. Humphrey, W. T. Seaman, J. Eddins, Samuel Blackwell, Wm. Russell, W. P. Russell, J. W. Cobb, T. Woodard.

THE ILLITERACY CAMPAIGN A SUCCESS IN MORGAN COUNTY

State Superintendent of Education Spright Dowell, Mr. Carnes, Miss Gray of Montgomery, H. G. Wheeler of Falkville, Miss Price, Mr. J. M. Crowell of Hartselle and Superintendent J. C. Tidwell were among those here yesterday in the interest of the illiteracy campaign.

Responding to calls sent out by Mr. E. C. Payne, representing the Council of National Defense, and by Mr. Carnes, representing the government, about seventy illiterate men of draft age from Albany and Decatur, including the rural routes of the Twin Cities, assembled at the court house yesterday afternoon where they were addressed by Miss Grey and Rev. J. C. Persinger. Much interest was manifested, the men expressing a willingness and in many cases an eagerness to learn to read and write. Each man present was assigned to some school and instruction will begin at once.

All over the county the illiterate men are meeting in groups where plans are being made for them to attend school. Professor McKee of the Florence Normal is delighted with the work here, and says that Morgan county is one of the best organized counties in the state. Teachers and ministers are volunteering their services.

After adjournment at the court house yesterday afternoon, state and county officials met at the residence of Mrs. L. A. Neill to discuss plans for continuing the work.

The groom, C. E. Malone, is one of our city builders, a forceful personality, successful business man, popular and a valuable man in this community.

A school for the illiterate men of draft age will open at the Y. M. C. A. next Monday evening at eight o'clock under the direction of Miss Lillian Odom and other teachers. Miss Gray will also be here.

Miss Jennie Perkins, Miss Troy and Miss Maud Odom have greatly assisted in the illiteracy campaign by securing the list of names from the registration cards.

Letters From Trench & Camp

Somewhere in France
July 12, 1918.

Mrs. B. F. Cavnar,
Dear Mother:

As it has been so long since I have written you, will try and write you a few lines. How are you all? I am alright, and hope this will find you all the same. How is papa? Also Bernie, Effie and the kids? Kiss the kids for me and give them all my love.

Mother, I like France alright and sure did enjoy my trip over. Guess you think I'm never going to write. But I haven't had time to write and won't have time to write much, but a little beats none at all. I sure would like to hear from you all for it has been a long time since I received a letter from you. So I want you to write me just as soon as you get this, and write your letters with pen and ink.

How are Aunt Fannie's folks? Tell them hello for me and tell them to write me, and tell them to write me, write me, and tell Bernie to write for I will be glad to hear from anyone back in old U. S. A.

I like France and we have good officers and a nice Y. M. C. A. I am at the "Y" now. The people here are nice to us.

What is everybody doing in old Alabama? Listen, mother, has Cleo been called to camp yet? Guess he has by now.

Tell Herman and Opal to be good babies and remember Pete.

Well, guess I'd better close for this time. I want you to write me just as soon as you get this, if not but a few lines for that will be better than none at all and I am anxious to hear from you all.

Give my love to all, good-bye and be good. To mamma, papa, Bernie and Effie, Herman and Opal. Answer it once. Bye-bye.

Dearest Mama and All:

I will drop you all a line tonight. This leaves me all o. k. and enjoying life. Hope these few lines find you all well. Received your sweet letter saying you all had a good garden and it sure did make me want to be back in dear old Albany and get a good pot of those good old beans and fresh potatoes and all that kind of things, but I hope to be back next year. Some say we will and some say not. But me for one hope we will, for I am longing for the folks at home. This is some nice place, but there is none to compare to dear old Alabama with me.

Well I received a letter from sister, also one from George and am going to write them tonight, also Kate. Say mama give all my friends my best regards as I do not have time to write all.

I will close with a heart full of love for you and papa and all the kids. Kiss all of them for Jack. I am always your loving son,

JACK COOLIDGE.

Why Do All Doctors Prescribe Calomel?

Of all the medicines in the world doctors prescribe calomel most often and depend upon it most universally. There must be a good and sufficient reason—what is it?

If you will study the doctors' books you will find that the medical authorities prescribe calomel for almost every disease. The reason is that calomel is the greatest and only thorough system-purifier. It makes the liver active, drives out the poisons from the stomach, bowels and kidneys and thereby purifies the blood. Calomel puts the entire system in the most favorable condition for Nature to exercise her recuperative power. Your doctor will tell you that drugs merely assist nature. That is why he prescribes calomel so often.

The new kind of calomel, called "Calotabs," is refined and purified from all of the nauseating and dangerous qualities of the old style calomel and is rapidly taking its place, for it is more effective than the old style calomel as a liver-cleanser and system-purifier. One Calotab at bedtime, with a swallow of water—that's all. No nausea, nor the slightest unpleasantness. Next morning you awake feeling fine—with a hearty appetite for breakfast. Eat what you please—fruits, acids or anything. No restrictions of habit or diet.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Recommended and guaranteed by druggists everywhere. Your money back if you are not delighted. (Adv.)

JANE AND KATHERINE LEE
AT DELITE AND STAR TODAY

"American Buds," a William Fox romantic drama featuring Jane and Katherine Lee, the former upsetting the plans of a German spy, will be the feature of the program for today at the Delite and Star Theatres.

The Lee children, who have been widely advertised as the Fox "Baby Grande" and who have been seen previously as stars in "Two Little Lumps" and "Troublemakers," appear in "American Buds" as orphans, the scenes being laid in an orphanage and subsequently in an army camp. In both places the children devote themselves principally to stirring up trouble. Indeed, the action hinges chiefly on the troublesome question of their parentage.

Aside from the fun features developed by the pranks of Jane and Katherine, there is said to be a strong plot covering the dramatic phases of the production. A colonel's daughter is courted by an army captain and by a former Austrian officer, now doing duty as a spy. The captain, who is conducting important experiments for the government, wins the girl, but the engagement is broken when it seems to be established that he is the children's father. Matters are straightened out by the spy's attempt to steal a report of the captain's experimental work. Jane detects him and raises an outcry which results in his being shot and in a death bed confession that he is the father of the children and that their mother is an older daughter of the colonel.

Ala. Merchant Saves Own Boy's Life

UNUSUAL EXPERIENCE OF AN EMPIRE, ALA., MERCHANT.

A miracle has happened, writes Mr. S. R. Creel of Empire, Ala.

Our boy was failing every day in spite of all that we could do for him. We spent many dollars and had many doctors but nothing helped him.

He had such a severe case of stomach and blood trouble that we had given up.

Then I started him on SULFRON and within a month he was working in our garden. Six weeks later he took a job in a mine here as track foreman. He is now well and sound and to my thinking there is no medicine in all the world like SULFRON.

SULFRON is sold and guaranteed by Peoples Drug Co., Albany and Owl Drug Co., Decatur.

All The New Gossards Here Now \$2.50 to \$6.50

The new popular priced models in these famous Front Lacing Corsets are here in all sizes for all figures

There was a temporary shortage of Gossard Corsets, but we are pleased to announce that it has now been relieved.

That shortage was caused by a great many more women wanting Gossards than have ever wanted them before. That is a very gratifying reason, for we feel that every time we sell a woman a Gossard corset we are contributing in a direct way toward her better health and increased comfort.

Gossard Corsets for every type of Woman

The Gossard system of corsetry recognizes nine ideal types of women. There are Gossard corsets in a full range of sizes and in a number of different qualities for every one of these types.

The woman we fit in a Gossard corset is as perfectly fitted as though she had a corset made to order for her figure. And it costs no more to enjoy that corset fitting service and these wonderful healthful Gossards than it does to go elsewhere and buy less desirable corsets.

Perhaps you didn't know it, but a great many physicians prescribe Gossard Corsets and our fitting service for their female patients. The modern physician fully recognizes the high standard of Gossard corsets and our service.

It will pay you to consult us on these important matters of health and comfort and style.
